Education

PCET's Nutan Maharashtra of Engineering & Technology, Savitribai Phule Pune University	**2021 - 2025**
• BE Computer Engineering, CGPA: 8.6	
Dr.D.Y. Patil Junior College, Pune	**2019 - 2021**
• HSC (Class 12), Percentage: 78%	
S.S.D Gange Prashala School, Pune	**2009 – 2019**
• SSC (Class 10), Percentage: 68.20%	

Skills

Java | Python | MySQL | Rest API | Git & Github | Data Analysis | Frontend Web |Backend Web | Data Visualization | Analytical Skill | Problem Solving Skill | HTML | CSS | JavaScript | React | NodeJS MongoDB | Express | DSA | OOP

Projects

Banglore's House Price Prediction Web App
- Achieves an impressive accuracy of 85% in predicting house prices, leveraging machine learning algorithms and advanced analytical techniques.

Blood Bank App
- Developed a comprehensive blood bank application using the MERN stack, enabling users to efficiently locate and connect with blood donors.

Movie Recommendation System
- Analyzes user preferences to suggest personalized movie recommendations, enhancing the movie-watching experience.

NodeJS Notes App
- Developed a comprehensive notes-taking application using Node.js, Express and MongoDB, leveraging EJS and Bootstrap for dynamic templating and user-friendly interface design.

Internship Experience

CodSoft.in | Web development Intern   **Dec 2023 - Jan 2024**
- Completed web development internship at CodSoft, honing skills in creating robust and efficient web applications.
- Successfully completed four projects - Tic Tac Toe web game, Landing page, Portfolio, Calculator.

Celebal Technologies | Data Science Intern   **May 2024 - Jul 2024**
- Completed data science internship at Celebal Technology, honing skills in developing robust and efficient data-driven applications.
- Successfully completed three projects - Credit scoring, Loan approval prediction, House price prediction.

Certifications

• **Data Structures and Algorithms,** *Apna College*	**April 2023**
• **Postman API Fundamentals Student Expert,** *Postman*	**May 2024**
• **Complete Web Development Bootcamp,** *Udemy*	**May 2024**

Achievements

- Copyright filed for an innovative automatic fan speed controller, intelligently adapting to surrounding environmental factors for optimized performance.
